daughters Gasoline and Kerosene. It will be dangerous to spark 'em.

The failure of the Robin and Bontiller firms has occasioned much suffering among the fishing population of Gaspe and Bonaventure in the Province of Quebec. The Dominion Government will be compelled to relieve the wants of the destitute fishermen who are reported to be in a starving condition. Though the distress is the immediate consequence of the failure, it cannot be altogether regarded as an unmitigated evil. These two firms have long retarded the proper development of the gulf fisheries and they perpetuated the feudal system with all its attendant ignorance and stagnation in the district of country too long placed under their sway.

The first skirmish of the approaching struggle between the two political parties of Canada has taken place in the provincial legislature at Toronto. It arose from a proposed amendment to the Governor's address which elicited a debate on the justice of the punishment meted out to the leaders of the recent rebellion in the Northwest. The debate was very exciting and several of the speeches were characterized by more than ordinary ability and eloquence. Still it is questionable if the local assembly is the proper place to discuss this question. Dominion politics should be excluded from the local legislature which can find ample scope for work in its own domain.

## COUNTY COUNCIL.

At the meeting on Thursday, 28th, the County appointed Mr. Jas. O. Huffman, and the Western Mr. E. D. O'Flynn, as Auditors of public accounts. Mr. E. Read was appointed Auditor for the administration of justice accounts.

A by-law assuming a certain road near Trasher's Corners as a county road received its final reading. Messrs. Bleeker, Duncan, Casselman and the Warden were appointed delegates to a meeting at Peterborough to agitate for the Treat Canal. On motion of W. E. Aylsworth and Hanley the Warden and Clerk were authorized to draft a memorial to the Ontario Legislature pressing the claims of the Torrens Act. A memorial was signed expressing the desirability of shorter summer vacations in rural district schools. No action was taken on the memorial asking the Council to co-operate in securing a general stock law providing that no stock run at large without a herdsman. The Council complied with the prayer of a petition urging an enactment forcing the railways to keep water drains unobstructed. No action was taken toward securing a general law regulating the width of wagon tires and sleighs in the County. Messrs. Ashley, Vermylsey, Hurley and Ross were nominated a committee to wait upon the Ontario Government to urge upon it the importance of assisting drainage works in the County. At the same time the County Council was asked to move the rocks in the river Moira, at Reed's old mill and Corby's dam. On Friday morning the correspondence between the County Treasurer and Attorney General was read in reference to land sales was read, eliciting the opinion of the latter that it was legal for treasurer and County Council to advertise land sales in more than one local paper. A memorial was also presented from the Treasurer asking for the appointment of a committee to examine into certain charges preferred against him in his management of land sales.

The Reports of the Gravel Road Superintendent and the Gravel Road Committee were read. The Com. recommended that the banking of gravel be continued where the same can be done at a saving to the County; that \$20 be paid Duncan McNeil for wire fence; that the bridge in Stirling leading to the county gravel pit be repaired if Stirling pays one third; that \$25 be paid for the right of way on the colonization road from Lonsdale to Bridgewater in the 8th and 9th con. of Tyendinaga.

A by-law was introduced by Mr. Ashley, providing for the regulation of the salaries of County officials, and especially the reduction of the Treasurer's salary. This drew out a long discussion participated in by all the members, but ended in the rejection of the measure. James Lang, an old county employee, now in reduced circumstances, was allowed \$25. Mr. Hanley asked for a grant of \$300 to be applied on the Bridgewater and Lonsdale colonization road, and after discussion the grant was made. On motion of Mr. W. R. Aylsworth, a committee composed of Messrs. Gordon, Vermylsey and the mover, were appointed to investigate the Treasurer's action in terms of his petition. On motion of Mr. Caskey the Clerk was instructed to procure copies of the Ontario Statutes for 1885 for Reeves of the minor municipalities.

On Saturday morning the Committee upon bridges and public buildings submitted their report, which stated that the result of the invitation for tenders for wood and material for the construction of bridges had had most satisfactory results; that tenders be invited for an iron or stone bridge at Madoc; that a new stone bridge be constructed at Shannville, and that tenders be invited for its erection, and that the Chairman, W. R. Aylsworth and F. West be a committee to superintend its construction; that \$100 be spent in renewing Papiene Creek bridge; that \$100 be appropriated for two bridges between Marmora and Peterborough; and that the work of filling in at Lonsdale be in progress at one dollar per yard. The report and recommendation of the Committee were adopted. Mr. Ashley gave notice of a motion for the June session reducing the Treasurer's salary. On motion the Council adjourned until the second Tuesday in June.

## OBITUARY.

Mary McMaster Wilson, whose death at the ripe age of nearly 80 years was announced in a late issue, came to Canada from the town of Belfast, Ireland, 22 years since with her husband, the late James Wilson, and two infant children and settled on Amherst street, then known as the *Jade of Zander*. After remaining there a short time they rented a farm in the Township of Richmond on which they lived for some years and reared a family of eight children, four sons and four daughters, whom Mrs. Wilson in obedience to the instruction of the Apostle Paul to the Ephesians endeavored to bring up in the nurture and admonition of the Lord. To this end, although the Wilsons were Presbyterians in Ireland, the children were regularly sent to a Church of England place of worship and Sunday School, there being at that early date no Presbyterian minister between Kingston and Belleville. In 1848 Mr. and Mrs. Wilson by industry, perseverance and honesty of principle having accumulated a little property purchased the last lot on the broken front of Tyendinaga, originally a portion of the Mohawk Reserve. This farm from being at the time of its purchase almost wild the Wilsons lived to see, by the blessing of God upon their labors, one of the best improved in the neighborhood. In 1858, there still being no Presbyterian service in the vicinity, Mrs. Wilson united herself in the rite of confirmation with the Church of England, two of her children being coming full members of the Church at the same time. She was a frequent communicant and her attachment to the church was not church until 1869, when on the visit of the Rev. John Scott, a Presbyterian minister, to Mill Point, now Deseronto, she returned to the faith into which she had received her earliest religious instruction, the faith of her fathers. She, however, still loved and respected the Church of England for five of her children had received the Sacrament of Baptism from the Church; two had renewed their baptismal vows in the Apostolic rite of confirmation, two had been regularly visited during their long illness by a clergyman of the church and had been comforted in their dying hours by the offices of the visitation of the sick and communion of the sick, and when their souls had departed from their bodies they were committed to their last resting place, the cemetery of Christ Church, Mohawk Reserve, with the solemn and impressive service of the Church of England. Earth to earth, ashes to ashes, dust to dust, in sure and certain hope of the Resurrection to eternal life through our Lord Jesus Christ.

Mrs. Wilson fell peacefully asleep on Wednesday afternoon, the 20th of January. Her funeral sermon was preached by the Rev. R. J. Craig, of Deseronto, who had been her faithful spiritual adviser during her long illness. A large concourse, notwithstanding the unusually severe weather, assembled to pay the last tribute of respect to one who had, during her residence in Canada of upwards of half a century been an eminent Christian and a kind and honest neighbor.—Com.

TO HER WHO KNOWS.

Because your eyes are blue, your lips are red  
And the soft hair is golden on your head,  
And your sweet smiling can make glad the day,  
And on your cheeks pink roses have their way,  
Should I adore you?  
Since other natts have shining golden hair,  
And other cheeks the June's pink roses wear,  
And other eyes can set the day alight,  
And other lips can smile with youth's light,  
Why bow before you?  
But if the eyes are blue for me alone,  
And if for only me the rose has blown,  
And but for me the lips their sweet smile wear,  
Then shall you mean me in your golden hair,  
I will adore you.

And as my saint, my soul's one anning star  
That lights my darkness from its throne afar  
As lights the Summer moon the waiting sea,  
With all I am, and all I strive to be,  
I'll bow before you.

#### THE BROOD MARE AND THE COLT.

It has been well and truly said that the training and education of a young animal should begin before it is born. This is not only possible but easy. The disposition and character of the progeny is most apt to be like that of the mother, and a nervous, vicious, restless mare will be apt to produce a colt with similar faults. This should be taken into account now, when the unborn colt is physically formed, and is about to derive its mental character from the dam, as we may say with truth; for if any of the lower animals exhibits traces of mind and reasoning power, the horse excels in this respect. In its nervous system, a horse approaches more closely to a human being than any other animal, and of all our domestic servants, it is influenced in a greater degree by its master's treatment than any other. The management of the brood mare, therefore, becomes an important part of the owner's business. Feeding is but a small part of this; the most important is the culture of a kind and docile disposition. The mare should not be overworked, and wearied; the whip should be put aside—if it is ever used, which is a grand mistake in the treatment of a horse, but is made needful at times because of the use of it upon brood mares—every gentle attention should be given and in every respect the mare should be controlled by kindness, and difficulties carefully avoided. If this conduct were the rule, our horses would be like those of the Arabs, our friends and our slaves, and would be always willing and eager to obey our commands and even anticipate them. A horse can be taught to understand our language. If the one word "whoa," can be understood, other words can.—*American Agriculturist.*

#### LIVE STOCK NOTES FOR FEBRUARY.

The fourteenth of February is said to be the stock-feeding mid-winter, and so in fact it is, very nearly. The last part of the winter is, however, the most trying to live stock than the first, and they need more careful feeding and better protection against changes. Contrary to former practice, young cows are now a-days quite frequently milked nearly up to calving. With old cows it makes little difference; but great milkers, especially great butter cows, are in danger of having milk fever, and it is thought that there is less danger if the flow of milk does not cease. Cow stables should be warm. Sheep pens, on the contrary must be airy. As ewes approach yearling, increase their ration of roots, separate them in small pens from the flock, and take care that the early lambs do not get fatally chilled. It is well to cut the straw used for litter into foot lengths. Breeding sows need clean, warm pens, with plenty of litter and good feed, in which cooked vegetables, potatoes, pumpkins, turnips, and raw apples may be well mixed. Horses need care to prevent colds when used on the road. Always have large blankets ready to cover them when standing. Injuries from kicking or kicking, as well as from falls on the ice are not unfrequent, and should in every way be guarded against. As spring approaches, the importance of having the plans of work for the season well laid, and whatever good ideas may occur, should be made a note of for future reference. Improvements may be overlooked and put in order, so that when the time to use them comes, they will be ready, and vexatious delays, and losses saved.—*American Agriculturist.*

The medical board to investigate injuries received by volunteers in the North-West campaign have been in session at Belleville for two days. Twelve claims have been before them. The military board will pass upon these and forward them to Ottawa.

It is a fact that can be verified every where that West's Cough Syrup is the only compound known to science, that can eradicate the seeds of Consumption in its early stages, and completely cure Coughs, Colds, Asthma, Bronchitis, and Throat and Lung difficulties. Sold by W. G. Egar, Druggist. Price 25 cents, 50 cents, and \$1.00 per bottle.

ADVICE TO MOTHERS.—Are you distressed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

A large assortment at the most reasonable prices.

Ladies' Astrachan Jackets; Persian Caps, Muffs and Boas; Seal Caps, Muffs and Boas; Mink Caps, Muffs and Boas; Black Fur Capes

A splendid assortment of Woollen Goods at remarkably low prices for Women and Children, unsurpassed by anything in the Trade.

Flannels of every description and quality now in Stock at the BIG STORE, and we respectfully solicit an inspection of these Goods; they are special value and will excel in make and prices anything previously offered to the public in Deseronto.

The Tailoring Department is now replete with the most fashionable and varied makes of goods that can be obtained in the European and Continental Markets, and we wish to impress upon our friends, that, as the best of Trimmings only are used in the making up of Garments, we can guarantee a style and finish which will stand comparison with any House in the Trade. Mr. Stoddart, who is already well known for his superiority in making a good stylish fit, is in charge of this Department, and will be pleased to have an opportunity of exhibiting these special goods to his friends, and quote prices for same.

### BOOTS and SHOES.

In this Department the BIG STORE still maintain their well known reputation for keeping only the best quality and the most fashionable Goods manufactured, their facilities for buying and the immense quantity of Boots & Shoes disposed of, enable them to offer at more advantageous prices than can be done by other competitors who profess to sell the same class of Boots. Do not be induced to purchase inferior Goods simply because the price is low, such articles are dear at any cost. The Big Store do not impose upon their customers trashy goods, but sell only first-class articles, and this principle has won for them their well earned reputation which is so generally known and appreciated by their Customers and the Public.

THE BIG STORE is the head rendezvous for Groceries and Provisions of Sterling Quality and finest brands. Canned Goods of every description in the market being on sale, but never will not permit us to enumerate in detail the specialties obtainable, but suffice it to say that for all Provisions seasonable and of the best quality, we recommend THE BIG STORE as unsurpassable.

HARDWARE, CROCKERY, GLASSWARE, LAMPS, VULCANISED CHIMNEYS, RUBBER GOODS, PAINTS, OILS, SALT.

We must not omit the astounding fact that the sales at the BIG STORE during the month of October were the largest since the erection of this establishment, which proves beyond doubt that in their endeavors to supply their Customers with the best goods at the most reasonable prices, they have won the confidence of the public, and now beg to thank their Customers for the very liberal support hitherto accorded them, and in the future solicit a continuance of the patronage so gratuitously bestowed upon them during the past

## CORRESPONDENCE.

### MELROSE.

From Our Own Correspondent.

The meeting on Monday evening was a great success financially and as an interest. The amount of money realized was \$150, which amount the building committee will not doubt find use for.

The new church is something very fine and is a credit to the congregation and an ornament to the neighborhood. Prof. Ross, of Queen's College, conducted the dedicatory services. The church was filled both morning and evening.

There has been a great deal of sore throat among the children in this vicinity. Some think it is diphtheria, but Dr. Forin says it is not and as he is having remarkably good success people would naturally suppose that he knows what he is doctoring for.

As the gossip of this vicinity have been having a "drows" lately, probably they will be perfectly willing to let others have their day now. According to all accounts the others do not intend to let said gossip's talent slumber but intend to give a show to exercise and a more public place to wider their talents in. It is said they are all to have the pleasure of telling their tale before a magistrate. Some of the young ladies who were particularly interested will probably enjoy telling what they have been saying before a crowd of men.

### SOPHISBURGH.

From Our Own Correspondent.

I believe there is to be a great musical entertainment next week in the Town Hall. There has been a good many private parties and oyster suppers, &c., with prospects of lots more.

On Saturday, a man, not more than 1,000 miles from the Boston neighborhood, who has been in Pictou, and judging from his actions, had tarried too long somewhere, was coming along the 3rd con. driving his old horse at a fearful pace when a poor animal could stand it no longer but fell dead in the road. Such cruelty to animals should not be tolerated in this part of the world.

I do not see much news from old Sophisburgh lately, but then I suppose there is not much news just now as we are inclined to call this a dull winter. The roads, bad weather and things pretty dull in general, looking at it from a business point of view. Socially it is a very good place. The ladies are having a series of meetings on Big Island. I believe, with very good success. Rev. J. C. Ash is a live preacher and makes a stir wherever he goes.

The Bethel neighborhood had a grand old-fashioned tea-meeting on Thursday night, but as the roads were very bad there, not as large a turn out as there would have been under more favorable circumstances. They had, however, a good chairman (Mr. Ash), a good food and a good time. All together a good time, but at the close they found a lot of provender on hand, so it was decided to hold a social on Saturday night to eat up the fragments. The ladies were pretty well elated out, and a very pleasant evening spent. Proceeds about \$50.00.

### LONSDALE.

From Our Own Correspondent.

Sir, I am in receipt of several numbers of your valuable paper, which, I suppose, were sent from your office, and have had much pleasure in perusing the same. I find correspondence from this part of the world not so common as it used to be. I do not see Lonsdale represented and think our flourishing village should be noticed in your aptly titled paper. As it appears of our home affairs, many of our letters after all, myself, neglect to report for us, I have concluded to at least let your numerous readers know there is a place as Lonsdale, that we are all alive and well business.

Quite lively times here, good sleighing, wood coming in in large quantities, and our grief mill is running at full blast giving the best of satisfaction.

Mrs. B. Haight have sold all the sleighs and cutters they could possibly get ready and do not doubt could sell many more if they had them on hand.

We do not have any marriages to chronicle this week, but judging from appearances we may have in a short time. Try up boys and keep up with your friends at Read.

Misses Frank and Emma Winters have returned home from visiting at their uncle's line and it is not likely our American country will get them now, boys, if you improve the time.

Our merchant, Mr. James McCullough, is doing a rushing business, judging from the number of customers passing in and out of his store and the number of commercial travellers to whom he is giving orders for large amounts of goods.

The work on the north span of the south bridge here is fast reaching completion. The north half of the bridge had been taken away and the space between the centre pier and the end of the bridge filled in with stone, thus doing away with half the length of the said bridge at the south side.

Mr. Abbott, the successor to T. J. Osborn, is doing a rushing business in harness, also Mr. Sandy Grant in the same business is prospering finely, but they both lack one thing, I think that is each have a wife to complete their happiness. I know, say one of them at least has to that conclusion and decided to supply that need soon. I would say to the other hurry up or you will be left.

### SOLMESVILLE.

From Our Own Correspondent.

Frank Deane has a fine Norman Percheron colt two years old, that weighs 1,214 pounds.

The ice at Peterson's Ferry (or rather Rathbun's Ferry of late) is very poor and scarcely safe for a single rig.

Mr. J. B. Cronin with a load of lumber was unfortunate enough to get his load in the ice, but got it out with much trouble, as he was kindly assisted by Jacob E. Rathbun & Co., to reach old Prince Edward safe and sound.

One of Deseronto's famous bachelors visited this part of the country last week and drove away two fine cattle. He may have lost in that deal but lost in another little game for cigars were trumps, and we hope the next time he comes this way he will bring a box of cigars.

Mr. Frank Solmes, one of the proprietors of Rosedale stock farm and importer of short-horn Durham cattle and black pigs

has started on a trip to the Sunny South via New York, and we heard he was to have an attendant, but whether a "guest" or companion we have yet to learn, and at any rate we hope his health will be A No. 1 on his return.

### READ.

From Our Own Correspondent.

The Township Council met on Tuesday. Mr. & Mrs. Michael Callaghan left for Dakota last week.

Mr. & Mrs. Patrick McKinney have moved into their new house.

Mrs. Patrick Guinness, of Thomasburg, has been visiting her relatives here.

Miss Day had been appointed teacher on the 8th con. to succeed the late Miss Maggie Condon.

Mr. Joseph Walsh, who has been visiting his relatives here, returned to Cleveland, Ohio, last week.

James Hayes, of Chicago, is spending the winter with his brother, Mr. Morgan Shaughnessy, of Melrose.

A collection amounting to \$300 has been made in this mission towards the new organ and the expenses of the choir.

Mr. M. J. O'Leary, of Colburg Road near Hastings, have been visiting their relatives on the 3rd con.

Mr. John Guinness, of Thomasburg, has filled in the north span of the Lonsdale bridge with stone and made a good roadway.

The roads are in splendid condition, and grain and wood are moving lively. Business is getting brisk, and the woods ringing with the axe.

Many friends of the Rev. Father Meade will be glad to learn that he is improving in health and that he was last week able to take a drive.

We learn that Professor Denys intends shortly giving a grand concert in Stanley's Hall. We will be enabled next week to give date and full particulars.

The candidates recently confirmed in St. Charles' Church by His Lordship Bishop Cleary, presented a collection amounting to \$22 for their pastor for the decoration of the altar, as a memorial of that event.

The Committee on bridges recommended that an iron bridge be erected at Lonsdale. The Council have agreed to the report. The bridge will cost about \$2,000.

Mr. James Jordan Jr., who is residing at Marie, Saginaw Co., Mich., is we are glad to learn doing well. Mr. Jordan takes much interest in the Read news and has become a subscriber to THE TRIBUNE.

All friends in the west should get our local paper.

Mr. Jeremiah Murray son of Mr. Patrick Murray of the 4th con, one of our stalwart young men who returned from Dakota in search of a wife was married on the 25th ult. by the Rev. Father Hogan at Erinville to Miss Julia O'Neill daughter of Mr. O'Neill of Hungerford.

Mr. & Mrs. Murray left for Dakota next week.

Last winter social circles were excited in Bachelors Walk over the question "Who shot the dog?" This winter there has been a great dog excitement on the 9th con. A farmer living in that neighborhood was the owner of a valuable collie dog. Recently his neighbors owned a dog that was savage as we are informed, these dogs had a savage fight, when the bull dog nearly killed the collie, and the latter was obliged to kill him to end his tortures. The owner of the collie got a friend who possessed a bull dog to go to the premises of the owner of the collie and shoot the dog.

One of our well known bachelors whose castle is at present surrounded by mountains, pyramids and banks of snow, was recently being harried by a fine frosty religion.

As he approached the village it was observed that he had a boot on one foot and a log rock on the other. As he arrived in the village a white dog, the property of one of our celebrated sporting men, made a savage attack on the unfortunate and bachelors.

A high official gravely asked if the dog had taken off his boot, seeing the man with only one boot on, the poor bachelor said he had.

He have only one boot on, and then gave the following account of how it happened.

During one of the very cold mornings we had lately he had occasion to go to his barn. As it was so cold he thought he would put on three pair of socks and a tight pair of breeches, he got in the barn and on returning to the house felt his right heel stinging and burn.

On removing his boot he discovered a hole in each of the three pair of socks and his heel frozen.

The poor man was afflicted by Jack Frost, and has since been on a diet of chicken soup. Moral—Don't wait too long or you will have no one to mend your socks.

### TYENDINAGA RESERVE.

From Our Own Correspondent.

The schools on the Reserve will be opened again on Monday.

Mr. W. Maracle returned to his home at Newburg last week.

Marriage licenses have been in good demand on the Reserve this winter.

Owing to safe guard the small-pox has not gone out of the first house, no fresh case of small-pox.

Mr. and Mrs. John Hill, of the upper end of the Reserve, spent a few days last week visiting friends in the lower end. Come again Johnny.

Mr. Kahwahyahou accompanied by his daughter, Kahwahadishou, drove to Trenton on Wednesday the reverend gentleman will return in due season for Sunday services.

At Arrol's, H. Clifford C. Stevens discovered Charles H. Labrie, went out from Godbout River in two canoes to hunt seals and ducks. The two Labries were engaged in killing a seal upon a field of floating ice, when the animal fell on the ice upon them. Napoleon Corneau, who is telegraph operator at Godbout, and one of the best seal hunters in the country, went to their assistance with his brother. After killing the seal they were drifted so far out into the Gulf that they were unable to return. A merciless storm raged around them, and soon they were out in the middle of the Gulf, thirty miles from either shore.

The Labries became badly frozen and soon inevitably have perished by Napoleon Corneau. They had nothing to eat but a couple of frozen ducks, and had frequently to take to their canoe as the ice broke away beneath them. After drifting, as already described, for many miles during forty hours, they managed to land upon the south shore of the Gulf near St. Anne des Monts. Thence they were driven to Mota, a distance of 66 miles, where they were taken to a farm at this season of the year to recover the Gulf. From this they journeyed by Intercolonial Railway, arriving in this city yesterday.

They will shortly leave the city for the shore at Godbout, which is 60 miles from the Gulf, thirty miles from either shore.

## Health is Wealth

DR. E. C. WEST'S NERVE AND BRAIN TREATMENT, a guaranteed specific for: Hysteria, Dizziness, Convulsions, Fits, Nervous

Mr. Mowat states that no change will be made in the present franchise bill until after a general election. It is a misfortune that the Dominion and local parliaments did not grant manhood suffrage when they made the last extension of the franchise. They would thus have avoided the expense and rascality attendant on the present method of compiling the lists. As matters are now, officers are expected to cook the lists in such a manner as may please the powers to whom they owe their appointments. Thousands of ratepayers will, in consequence, be deprived of the right of suffrage.

LONDON was for several hours on Monday at the mercy of a mob who committed several excesses, fortunately attended with no loss of life. There is much distress among unemployed mechanics in that vast metropolis. The socialists also continue to grow in strength, and are unceasing in their efforts to hasten those reforms which they consider indispensable for the welfare of the masses. It was, therefore, an easy matter to make a demonstration of a formidable character. The riot is a powerful argument for the necessity of hastening those social reforms, on the consummation of which the happiness of so many of the toiling millions of the land depends.

It would appear from a recent speech delivered at Newcastle by Mr. Morley, the new Secretary for Ireland, that the legislation for the settlement of Irish difficulties will be of a more sweeping character than is generally supposed. The announcement of Mr. Gladstone on this important matter will be everywhere awaited with breathless eagerness. As Mr. Morley says, it is time that this Irish question was settled once for all. Let us hope that the new ministry will concede some fair measure of home rule, which we are certain will not be incompatible with the integrity of the empire. This, with a general reform of the land laws for the three kingdoms, will tend to allay much of the discontent which retards the prosperity of Ireland. The difficulties which beset British statesmen in dealing with this burning question are almost insurmountable, but the great body of the British people are prepared to make concessions, and will extend their support to any measure based on the principles of liberty and justice. The statesman who achieves success will win the imperishable gratitude of millions.

#### ONTARIO REPORTS.

THE fourteenth Annual Report of the Inspector of Public Charities to the Institution for the Education of the Blind, at Bradford, is at hand. It shows that during the year 1884-85 the work performed in way of instruction was of a very successful character. During the year there were 160 pupils in attendance, 86 males and 74 females. Of these 37 were from Belleville; 3 from Co. Hastings; 3 from Lennox and 2 from Prince Edward. Since the opening of the institution there have been 386 pupils in attendance, of whom 210 were males and 176 females. Belleville and Hastings sent 11; Lennox 4 and Prince Edward 5. The total number of pupils during the year ending 30th Sept was \$33,355.92, making the average cost per pupil \$232.92.

The Fifteenth Annual Report of the Institution for the Deaf and Dumb at Belleville shows this institution is becoming more efficient. The Inspector in his report refers to the excellent health which prevailed and the general tidiness and cleanliness everywhere displayed. The general repairs made during the vacation have added much to the appearance and comfort of the Institution. Under Mr. Matheson, its excellent superintendent, the pupils have made satisfactory progress in their studies. From the farm there were received produce of the value of \$2,126.94, and the vegetables from the garden were estimated at \$1,578.55. The garden received 33 prizes at the county show. Much trouble has been expended with contractors in regard to the quality of meat, butter, &c. furnished, much of this being of an inferior quality. More chapel accommodation is required. During the year 1884-85 there were 284 pupils in attendance, 158 males and 126 females. Belleville sent the largest number; Hastings sent 8, one of them being from Deseronto; Lennox and Addington 2, and Prince Edward 2. Since the opening of the institution 703 pupils have been in attendance, of which 27 came from Hastings; 6 from Lennox and 4 from Prince Edward. Of these 703 pupils, 600 were the children of parents not related before marriage; 47 were the children of first cousins; 12 of second cousins and 7 of third cousins and 16 of other relations, while 21 were unknown. Of the families represented, one family contained 5 males; three contained 4; ten 3; and forty-six had 2. There are seven institutions for the deaf and dumb in the Dominion; three in Quebec; two in New Brunswick; one in Nova Scotia and one in Ontario. The whole number of pupils in attendance at these during the year was 747, of whom 380 were males and 367 females. The total number of pupils who have received instruction in these was 1630. The maintenance expenditure of the Belleville Institution for the past year was \$40,985.68, making the annual cost of each pupil \$164.95, a small decrease as compared with the previous year.

We have also received the Report of the Fruit Growers Association for the year '85. It is an interesting document of 148 pages, containing extended reports of the transactions of the Association. A copy of this should be in the hands of every fruit grower in Ontario, as the information given is invaluable. The Receipts of the Association for 1885 was \$4,448.86 and expenses \$2,596.07. The membership is 1,602. Three meetings were held during the year. The President of the Association is Wm. Saunders, of London; the Secretary,

D. W. Beadle, of St. Catharines, and the Director for No. 4 division which includes Hastings, Prince Edward, Lennox and Addington, is E. C. Dempsey, of Treason. Any person may become a member by the payment of one dollar.

#### THE LADY OF LYONS.

This play was again placed on the boards on Thursday night of last week by the Deseronto Dramatic Association in aid of the destitute poor of the town and the large crowd that it drew must have satisfied many. McKee that the efforts of himself and company were appreciated by the audience. We have before given a résumé of this interesting drama and shall, therefore, content ourselves with reviewing the cast. Of the first night Miss Millie Anderson who took the leading parts of Claude Melnotte and Pauline Deschappelles respectively we do not intend to say anything more than that their rendition of those characters was simply excellent. At the end of the third act they were obliged to appear before the footlights and bow their thanks for the vociferous applause with which they were greeted, and as the curtain dropped on the fourth Act where Claude goes to the war the audience was visibly affected and many shed tears. Mr. W. D. McKee, as Beaumont, was particularly good. In fact we doubt if he has ever appeared to better advantage before a Deseronto audience. Mr. Archer, as Col. Damas, was also extremely good and was especially commendable in the fencing scene which was excellent. Mr. Dougherty again appeared as Glavin and showed a natural aptitude for high comedy and was evidently a favourite with the audience. Mr. Hopkins as the Innkeeper did good service and acted his part well. Mr. Thompson was perfect. Mr. Egan filled his old character of Gasper and did it well, while Mr. Rixen, as Capt. Gervais, performed the part with his usual ability. Mr. Thos. Naylor was a model servant. Miss Kimmerly, as Madame Deschappelles, had a part which suited her well and both her costume and acting were much admired. Miss Grant, as the Widow Melnotte, took her character in a first-class manner and in the fourth Act the success of the last scene was due largely to her. The whole play was successful, the attention of the audience being held from the time the curtain rose on the first scene until its fall on the last.

The farce of "Only a halfpenny" was very well acted but owing to the lateness of the hour it did not receive that attention it so richly deserved. Mr. Hopper, as Fitzroy Plantagenet performed his part well. Mr. Bedford, as Stanley Jones, also acted well but his part is dramatic and not farce. Miss Gault, as Houriclie, looked and acted charmingly, and Miss Dryden, as Bridget, was all that could be desired. In fact the farce was a pretty little sketch entirely devoid of all vulgarity. The orchestra, under the direction of Mr. Sam Anderson, was deserving of all praise. By express desire they repeated a part of the music they performed at the Association's last entertainment and they received a very enthusiastic reception. Mr. Anderson and Mr. Taylor were first and second violin; Miss Deane, piano; Mr. Mallory, trombone; Mr. Mallory, jr., cornet; and Mr. Butler, kettle drum. Their services were complimentary and to them all are deeply indebted. The Rathbun Company Band also attended and played some excellent selections before the rise of the curtain. The entertainment was a handsome sum. Our worthy citizen, Mr. Jas. Cameron, played his organ hall at the service of the Association five of charge.

Hair Vigor. It stimulates and cleanses the scalp, giving it a healthy action. It removes dandruff and prevents humors. By its use, falling hair is checked, and brassy or weak hair is restored to the vigor and freshness of youth. "I have used Ayer's Hair Vigor for promoting the growth of the hair, and think it unequalled. For restoring the hair to its original color, and for a dressing, it cannot be surpassed."—Mrs. George L. Fayer, Eaton Rapids, Mich.

Is harmless and sure in its effects. It is incomparable as a dressing, and is especially valuable for the lustre and richness of tone it imparts to the hair. "I have found Ayer's Hair Vigor highly satisfactory. As a dressing, and for its cleanliness and freedom from injurious effects, it is unexceptionable. It restores the natural color, stimulates a healthy growth, and renders the hair soft and pliable."—Mrs. (Rev.) Ozro A. Thomas, Neshoba, Miss.

# A VALENTINE.

A Valentine! Ah, can it be  
That some one has addressed to me  
These lines so sweet and tender!  
Name or initial is not set  
Upon the page, and yet—and yet  
I think I know the sender.

What though the writing be disguised  
And many a little trick devised  
To aid the fond deception;  
St. Valentine provides the key  
That spoils the little mystery  
The moment of reception.

Why may be right, we may be wrong;  
For lack of confirmation strong  
We give the wrong to fancy,  
And let her wander at her will,  
And her bright destiny fulfil  
In fields of necromancy.

And Valentine would lose their charm  
If they at once could doubt disarm  
For yet the seal was broken  
And so the deeper the disguise,  
The more delightful the surprise,  
And sweeter is the token.

—Josephine Polla.

## A VALIANT MAN.

With the fierce boa-constrictor he had come  
off a victor.  
In the jungle of tropic Brazil,  
And the wild alligator and all things of that  
nature.

He said 'twas a pleasure to kill.

'Twas a cold day and drizzly whenever a  
grizzly  
Or panther could make him afraid,  
And tropical vermin that set people quiver-  
ing.

Didn't terrify him the least shade.  
He said he had seen a wild roaring hyena  
Quail and crouch at the glance of his eye,  
And an African lion that he had his eye on  
Was calm as a pig in a sty.

So the people of Newville, this bruiser from  
Brusselsville.

Regarded with feelings of awe,  
And this boastful new comer for the whole  
of one summer.

Regaled them with tales of his jaw.

But bills from the tailor and plumber and  
sailer

Piled up on his table unpaid,  
And 'twas misery and woe, sir, to the but-  
cher and grocer.

To whom he awarded his trade.

The cook and dressmaker, the staid under-  
taker,

The painter, the printer the priest,  
The clam and fish dealer, the medical  
healer;

He swindled from greatest to least.

So when the spring was a budding he left  
on a sudden,

This man of valiant renown,  
He left every creditor as poor as an editor,  
For he'd "stuck" every man in the town.

ADVICE TO MOTHERS.—Are you disturbed  
at night and broken of your rest, by a sick  
child suffering and crying with pain of cut-  
ting teeth? If so send at once and get a  
bottle of "Mrs. Winslow's Soothing Syrup"  
for Children Teething. It is in incalcu-  
lable. It will relieve the poor little sufferer  
immediately. Depend upon it, mothers;  
there is no mistake about it. It cures Dys-  
entery and Diarrhoea, regulates the Stomach  
and Bowels, cures Wind Colic, softens the  
Gums, reduces inflammation, and gives tone  
and energy to the whole system. "Mrs.  
Winslow's Soothing Syrup" for children  
teething is pleasant to the taste and is the  
prescription of one of the oldest and best  
female physicians and is used in the United  
States, and is for sale by all druggists  
throughout the world. Price twenty-five  
cents a bottle. Be sure and ask for "Mrs.  
Winslow's Soothing Syrup," and take no  
other kind.

The loss of cattle in the Pan Handle re-  
gion during the recent storm is set down at  
200,000 head. This must necessarily be a  
severe guess, however, and it is to be hoped  
that it is much over the mark.

No other medicine is so reliable as Ayer's  
Cherry Pectoral for the cure of colds, coughs  
and all derangements of the respiratory  
organs tending towards consumption. It  
affords sure relief for the asthmatic and  
consumptive, even in advanced stages of  
disease.

## LOCAL ITEMS.

We were informed yesterday that one of  
the occupants of Calamity Hill had joined  
the noble army of benefactors. Tux Tuxson  
gives no credence to such reports unless ac-  
companied by solid testimony in the shape  
of a slice of bridal cake, not necessarily for  
publication but as a guarantee of good faith.

As entertainment under the auspices of  
the Ladies Aid Society of St. Marks will be  
held in the basement of the Church on the  
evening of Thursday, the 18th inst. There  
will be readings, recitations, music and  
other amusements. A happy time may be  
expected. Admission only 15 cts. Please  
remember the date.

The third of the series of entertainments  
in connection with the Methodist Church  
was held last Wednesday evening under  
the auspices of the young people of the con-  
gregation. The attendance though not so  
large as on former occasions was very good,  
and the programme submitted deserving of  
praise. Mr. George E. Clements as chair-  
man proved the right man in the right  
place. Solos, Duets, Quartettes and Chor-  
uses were well given, the following taken  
part, viz: The Misses Walker, Clements,  
Bradshaw, Wartman, Anderson, and Miss  
Archer, Walker, Aylsworth and Charles  
Clements. Readings and recitations of su-  
perior merit were given by the Misses Rob-  
son, Porter, Rattle Stafford, Bradshaw, and by  
Chas. Empey and Hiram Miller. At the  
close Rev. Mr. Croxley announced that the  
last and best entertainment of the series  
would be given in about six weeks by him-  
self and the children. About 1250 have  
been already taken in by these entertain-  
ments.

If we well be poisoned, we be to those  
who drink thereof. It is worse to poison  
the fountain of life, for one's self and for  
posterity. Often by carelessness, or mis-  
fortune, or inheritance this has been done.  
Ayer's Sarsaparilla cleanses the blood, and  
restores health.

### EARLY CHICKENS.

The greatest profit in poultry keeping is  
from the early chickens. By good feeding  
and management, some of the hens may be  
brooding in January, and all the chicks may  
be saved by the use of artificial brooders.  
Incubators are used by experts with success,  
but farmers and ordinary poultry keepers  
are rarely successful with these machines.  
Brooders, however, may be used by any per-  
son, even a boy or girl, who will simply see  
that the heat is not excessive, and when the  
chicks open their mouths, give them fresh  
air. Eighty degrees is quite enough warmth  
for newly hatched chicks, which are taken  
from the nest as they come out, and are  
placed in the brooder until all the brood is  
out, when they may be removed to a warm,  
glazed coop, with the hen. We have had  
young chicks thus nursed until they were  
strong, which ran about in the snow in Feb-  
ruary with great pleasure and comfort, and  
not one was lost out of a lot of ninety, which  
were all hatched in January. All  
that is required is to have a warm part of  
the buildings or an attic-room for the setting  
hens, and glazed coops set in a sunny place  
out of doors for the chicks when they come  
from the brooder. —American Agriculturist.

## EVERY DEPARTMENT!

FURS! FURS!! FURS!!!

A large assortment at the most reasonable prices.

Ladies' Astrachan Jackets; Persian Caps, Muffs and Boas; Seal Caps, Muffs  
and Boas; Mink Caps, Muffs and Boas; Black Fur Capes

A splendid assortment of Woolen Goods at remarkably low prices for  
Women and Children, unsurpassed by anything in the Trade.

Flannels of every description and quality now in Stock at the BIG  
STORE, and we respectfully solicit an inspection of these Goods; they are  
special value and will excel in make and prices anything previously offered to  
the public in Deseronto.

The Tailoring Department is now replete with the  
most fashionable and varied makes of goods that can be obtained in the European  
and Continental Markets, and we wish to impress upon our friends, that, as the  
best of Trimmings only are used in the making up of Garments, we can guar-  
antee a style and finish which will stand comparison with any House in the  
Trade. Mr. Stoddart, who is already well known for his superiority in mak-  
ing a good stylish fit, is in charge of this Department, and will be pleased to  
have an opportunity of exhibiting these special goods to his friends, and quote  
prices for same.

## BOOTS and SHOES.

In this Department the BIG STORE still maintain their well known  
reputation for keeping only the best quality and the most fashionable Goods  
manufactured, their facilities for buying, and the immense quantity of Boots  
& Shoes disposed of, enable them to offer at more advantageous prices than can  
be done by other competitors who profess to sell the same class of Boots. Do  
not be induced to purchase inferior Goods simply because the price is low  
such articles are dear at any cost. The Big Store do not impose upon their  
customers trashy goods, but sell only first-class articles, and this principle has  
won for them their well earned reputation which is so generally known and  
appreciated by their Customers and the Public.

THE BIG STORE is the head rendezvous for Groceries and Provi-  
sions of Sterling Quality and finest brands. Canned Goods of every description  
in the market being on sale, but space will not permit us to enumerate in de-  
tail the specialties obtainable, but suffice it to say that for all Provisions  
seasonable and of the best quality, we recommend THE BIG STORE as  
unsurpassable.

HARDWARE, CROCKERY, GLASSWARE, LAMPS, VULCANISED  
CHIMNEYS, RUBBER GOODS, PAINTS, OILS, SALT.

We must not omit the astounding fact that the sales at the BIG STORE  
during the month of October were the largest since the erection of this estab-  
lishment, which proves beyond doubt that in their endeavors to supply their  
Customers with the best goods at the most reasonable prices, they have won  
the confidence of the public, and now beg to thank their Customers for the very  
liberal support hitherto accorded them, and in the future solicit a continuance  
of the patronage so gratuitously bestowed upon them during the past

TRIBUNE office are the best and cheapest yet  
offered.

Three 'bucolics' under the influence of  
the 'royal' presented the streets for a  
considerable time last Tuesday.

The Chief received a handsome helmet by  
express last Saturday on the eve of the festi-  
val of St. Valentine. Charges \$25 cts.

Mr. John Walsh intends devoting his  
leisure hours to fancy poultry. He has re-  
cently visited in some pretty barns.

BUSINESS continues to boom at the saw  
and door factory, a fresh order for one  
thousand doors having been received this  
week.

The Masons have removed their parapher-  
nalia to the Oddfellows' lodge room which  
they will use pro tem. conjointly with the  
latter body.

Rev. Ruel Dean Stanton has this week  
been attending the meeting of the Bay of  
Quinte Clerical Union at St. Thomas  
Church, Belleville.

The approach to Sucker Creek bridge on  
the boundary road was quite a depth under  
water on Sunday and Monday last greatly  
impeding traffic.

The second of a series of character ser-  
mons will be delivered in the Church of the  
Redeemer next Sunday evening by the Rev.  
R. J. Craig, the pastor.

still be obtained at THE TRIBUNE office at a  
very low price. The 'Chatterbox' is the  
children's favorite book.

His Dominion Parliament opens next  
Thursday. If you wish to know something  
of the history of the session by your  
Globe, Mail and News at THE TRIBUNE  
office.

The New Brunswick department of agri-  
culture will send to the Colonial Exposition  
at London samples of wheat weighing 71  
lbs. and white oats weighing 54 lbs to the  
bushel.

A PARTY of Deseronto and Marysville peo-  
ple intend going out to the Grand Concert in  
Hawley's Hall, Read, on Friday the 26th  
inst. They will be well repaid by their  
visit as it promises to be an event of unusual  
merit.

A REMOVAL is in the air that Mr. S. B.  
Bowen, of Richmond, will probably erect an  
opera hall in this village with a large room  
for the masonic brotherhood, of which he is  
a member, above it. We shall be pleased to  
hear the rumor confirmed.

WORK on the Quinte is progressing favor-  
ably and the vessel can now for some time  
of the improvements on this line steamer.  
It is said that the changes will enable her to  
make the round trip from Pictou to Trenton  
in nearly three hours less time than hereto-  
fore.

A SOCIAL under the auspices of the Ladies  
Missionary Association of the Church of the  
Redeemer will be held this evening (Friday)  
at the residence of Mrs. Frank McMaster,  
Dundas-st. A good programme will be sub-  
mitted and refreshments served. Admis-  
sion 10c.

With the extension of the Napanee, Tam-  
worth and Quebec Railway Tweed will be-  
come one of the most important centres in  
Central Ontario. The village has grown  
rapidly of late years and is one of the most  
important stations on the line of the C. P.  
Railway between Ottawa and Toronto.

Mr. Jas. H. Hearn, has purchased that  
part of Mr. W. V. Bowen's farm lying north  
of the Napanee road. This very desirable  
property situated only about half a mile  
from Deseronto consists of 30 acres, for  
which the purchaser has paid \$15,000. Mr.  
Hearn will not build on his new property  
at present but will use it as a year or two  
later. His father will attend to it in the mean-  
time. It is generally considered an excel-  
lent investment.

This Eighth of the series of fortnightly  
entertainments under the auspices of the Kan-  
diah Church Union was held on Tuesday even-  
ing in the town hall, Napanee. There was an  
excellent programme. Among others who  
took part were some of our Deseronto tal-  
ent. Mrs. M. D. Campbell sang two pieces  
and was loudly applauded. Miss Millie An-  
derson was also accorded, and Mr. Herchmer  
Aylsworth is said to have surpassed himself  
on the occasion. The visitors speak highly  
of their kind reception in Napanee.

performance will fully repay the expenses.

THE Southern Reporter, of Selkirk, Scot-  
land, referring to a conference of temper-  
ance reformers held in Galashiels states  
that among others Mr. Wm. Stoddart, of  
Deseronto, gave an interesting address in  
which he defined clearly the provisions of  
the Scott Act, and pointed out the merits  
and defects of the same.

THIS old men are having their innu-  
merable of the great world's affairs. Gladstone at 76 is  
the premier of England; De Lesseps at 80 is cut-  
ting his ship canal through Panama;  
William Emperor of Germany at 89, and  
Bismarck chancellor of the great empire at  
71, while Sir John Macdonald, just turn-  
ed 71, is the premier of Canada.

THAT appears to be a general dis-  
approval of the snow by law which promised at  
first to be such a benefit to the village.  
Half of the boardwalks remain uncleaned  
of snow. The section which requires owners  
of vacant lots to clear the adjoining walks  
should be rigidly enforced by the council.  
There is little use of making by-laws if they  
are not carried out. The present state of  
affairs is simply disgraceful.

LOCAL TRAIN.—For the benefit of the  
Travelling Public and to afford accommoda-  
tion to the people of Deseronto, a mixed  
train leaves the R. R. Depot every morning  
at 7:45 for Kingston. Parties can go to  
Kingston or Napanee and back same day  
having about eight hours in the space and  
four in Kingston. Low rates of Fare.  
Kingston and return, \$2.50. Napanee and  
return, 50 cts.

THAT is going to be some fun over this  
vaccination affair. The Council have de-  
termined to make inquiries, and we hope  
they will succeed in bringing that irrespon-  
sible body, the Board of Health, to time. There  
is a general impression abroad that the Board  
has exceeded its duties in many respects.  
While in other things it has been very care-  
ful, in this it has been very careless and  
without any attempt at concealment proceed  
to buy up articles at wholesale. When we  
remember that the result of this is the chief  
cause of the disease, it is not surprising that  
people come from the other end of the town  
and go from sleigh to sleigh to find the best  
ready purchased by the grasping merchant.  
There is intense dissatisfaction on this ac-  
count and we would urge the clerk to keep a  
sharp eye on him and inflict the penalties  
prescribed without fear or favor. Other-  
wise the market will soon fall into contempt.

## THE INTELLIGENCER says: "An assault case"

which has been pending in Mr. J. J. Finn's  
court for some days had a hearing on Friday.

The whole day was occupied by the case.  
The complainant David Lewis Brown is a  
County Magistrate and a member of the  
Tyendinaga Council. On Saturday Feb. 6th,  
he got into an altercation with some parties  
in Shannonville over the naming of a horse  
which led to Fred McAuley, John Doran,  
Thos. Munly and Sandy McCabe, making  
a violent assault upon Mr. Brown. In the  
scuffle Brown was struck in the face with his  
two pound weight, with such force that his  
cheek bone and nose was broken. Paralysis  
has since set in on that side of his face.  
After hearing the evidence the Magistrate  
committed McAuley for trial at the Spring  
Assizes and discharged his three companions.  
McAuley was admitted to \$1,000 bail; \$500  
sureties from himself and \$250 each from  
his father and Mr. John Doran."

Baker, of Napanee, mother of Mrs. F. C.  
Whitton, of this village is slowly recovering  
from the dangerous illness she was seized  
with some weeks ago.

## MUNICIPAL COUNCIL.

Deseronto, Feb. 15th, 1886.

The Council met in regular session; all  
the members present, the Revere presiding.

The Minutes of last meeting were read  
and approved.

The following accounts were ordered to be  
paid:—D. R. McRae, furnishings for cells,  
\$10.00; W. B. Graham, Caltomining Hall,  
\$18.00; N. R. Irvine, Clerk, election ex-  
penses, \$5.00.

The Revere Co., suit of  
clothes for Constable, wool, coal, &c.,  
\$28.92; Benjamin Brewer, repair on Town  
Hall, \$1.25.

A communication was received from the  
Secretary of the Board of Health request-  
ing the Council to pay the bills of Dr. New-  
ton \$21.70, and Dr. Gibson \$13.00 for vac-  
cination as ordered by the Board. The  
Revere and Councilors Cameron and Stewart  
were appointed a Committee to investigate  
the same and report to the Council at the  
next meeting.

A Petition was received from Mr. L. W.  
Hull, Jr., and 24 others, praying that the  
Council would accept the petitioners as a  
Volunteer Fire Brigade, and requesting  
the Council to provide the necessary ap-  
paratus for extinguishing fires, or, if possible,  
make arrangements with The Rathbun Co.  
for the use of their fire appliances.

On motion of Mr. Edwards, seconded by  
Mr. Cameron, the Revere and Councilors  
Cameron and Baker were appointed a Com-  
mittee to ascertain what arrangements could  
be made with the Rathbun Co. for the use  
of their fire appliances in the village, and  
report to the Council at a special meeting  
to be held two weeks from tonight.

A Petition was received from Mr. M.  
Deane, and 19 others, praying that a side-  
walk and drain be constructed on the south  
side of Dundas-st. from Mill to Braid-st.,  
which was laid over to a future meeting of  
Council.

# The Tribune.

FRIDAY, FEB. 10, 1883.

From different parts of the Northwest come rumors that the Indians are preparing for a rising in the spring. Most of these probably arise from a desire to have troops sent in to the different towns, with the view of lending by the government expenditure for their support. Still it would be only prudent for the government to use every precaution to prevent a repetition of the troubles of last year. The mounted police should be strengthened and detachments of troops sent to the disaffected districts. This with the removal of the greater number of the agents at present in charge of the Indian reserves in the far west will have a salutary effect. The removal of the unpeppable Dewdney would tend more than anything else to allay the suspicions which naturally lurk in the mind of the poor aborigines of the new territories.

It is announced that the construction of the line of railway from Winnipeg to Hudson Bay will be commenced in the early spring. This is welcome news as no undertaking is better calculated to develop the Northwest and advance its material progress. It is well that the business men who have the matter in hand are displaying such nerve and pluck in forwarding the work. They have met with much opposition from the Canadian Pacific Railway Company while exploring expeditions have been sent out to bring in adverse reports concerning the navigation of Hudson Bay. Relying, however, on the information furnished from other sources the new company have determined to proceed with their important work and in a few years the distance between Winnipeg and Liverpool will be very materially reduced. The produce of the Northwestern states of the Union and our Canadian territories will be enhanced in value by the desirable competition which will be afforded and the expense and inconvenience to incoming immigrants will be greatly lessened. Winnipeg and St. Paul will be especially benefitted and become the great distributing centres of the vast west.

## INTERESTING LETTER.

Carberry, Man., Feb. 5th, 1886.

To the Editor of *The Tribune*.  
Dear Sir, I arrived here on 29th Jan. after many delays caused by belated trains, though, fortunately, our train met with no mishaps except one little collision which did no harm to speak of. I got on the C. P. R. at Norwood on Saturday (23rd) at noon and arrived in Winnipeg at seven on Wednesday evening following being 35 hours late. We left Carleton Place 7:30 Saturday evening, and made good time till Sunday night about 10 o'clock, when we had arrived at a station called Otter 546 miles out of Carleton. We were obliged to stop there all night on account of an engine a few miles ahead of us having broken down. We started again on Monday morning about 8 o'clock and went a few miles to Mayville where we stopped for breakfast which the C. P. R. Co. supplied free of charge. A splendid breakfast it was too. I must say I began to think a little better of the C. P. R. Co. after that. We only went 70 miles on Monday when we had to stop again on account of two engines and snow ploughs having run off the track ahead of us. On Monday evening we had supper at the Co's expense, and again the C. P. R. went up in my estimation. This supper was supplied out of stores of provisions which are carried on all through trains for special occasions like this, when trains are delayed at a long distance from dining stations. In one way we were benefitted by being delayed, as on this account we went over a part of the line containing the latest scenery in day light which we would not have done had the train been on time. This was along the north shore of Lake Superior, and I must say it was indeed grand. Any description of mine cannot begin to give an idea of the grandeur and sublimity of some of the landscapes, or rather "rockscapes" which we passed. In some places the track is for miles hewn out of solid rock on the shores of the lake, where on one side of the train, about 40 or 50 feet below us were the blue waters of Lake Superior, and on the other side mountains of rock towered hundreds of feet above us. We also passed through several tunnels hewn out of the solid rock. There are a great many curves on that part of the line, some of which were such, that looking out of the windows we could see the track a short distance ahead of us, running almost in the opposite direction to which the train was then going, and, indeed, sometimes we were at a loss to know whether the track which we saw out of the window was what we had passed over or whether we had yet to pass over it. I was told that one curve went seven miles around to get one mile across, the reason being that the lake there was 300 feet deep, so that it was impossible to bridge it. Well, as I said, we arrived in Winnipeg on Wednesday evening. I stopped there the day Thursday to see the sights of the city. Winnipeg is a very fine city and contains some very nice business blocks and public buildings—the latter being very imposing among the latter being very imposing structures. The buildings along Main-st. are all or nearly all of brick and look very substantial. I was especially struck on seeing the great width of Main-st. which is 100 feet wide. At first one does not feel as if he were on a street, because people passing on the other side seem to be a long distance away as compared with Toronto and other very cold almost ever since I started up here. I was told that at Mattawa on Saturday (23rd) evening the thermometer registered 40° below zero. In Winnipeg I was told by several parties, who seemed to believe what they said, that the thermometer went down to 40° below zero a few days before I was there. Since I have been in Carberry the weather has also been very cold, as for instance, on 1st and 2nd Feb.

in the morning we had it 30° below, and on 2nd Feb. it was down to 37° below. The weather is very clear and fine, and about now the thermometer gets up to about 10° above zero, at Carberry. Still it does not seem to feel nearly as cold even at the lowest as ten or twelve does in the east. Notwithstanding it is just as cold as I care to see it, and I do not care to go outside any more than necessary.

Carberry is a lively little place with a population of 1,000. It is 103½ miles from Winnipeg, and is situated on the Canadian Pacific Railway, about 100 miles from the nearest timber. The nearest wood land, I am told, is about nine miles away, and it can be seen quite distinctly from almost any part of the village. There is scarcely any snow here, not nearly as much as there was in Deseronto when I left. I am told that it never rains or scarcely ever thaws during the winter months. A stranger cannot here from the east is always struck by the entire absence of fences. I think that there is scarcely a fence to be seen in Carberry. There are two good hotels here but neither of them have license. Both of them are crowded with boarders nearly all the year round. Board averages from 24 to \$3.00 per week. It costs a little more to live here than it does in Ontario, as every thing is sold at a slight advance on Ontario prices. Canadian silver is very scarce. American silver money being used almost altogether. Copper coins are of no use at all in this country except to buy postage stamps. There are two churches in the village—Methodist and Presbyterian—both of which draw large congregations. I am not alone especially when I came here, and think I will like the place well after it gets a little warmer weather. The mill where I work is scarcely as large as the Deseronto Flour Mill, but we grind about 150 barrels per 24 hours. The mill is entirely new having just been started a short time before I arrived here. There are a set of rolls and three runs of stones with other necessary machinery, and from what I can learn at present it seems to be giving good and satisfactory results.

But I must close as I am afraid I have already tired you in the perusal of this long letter, but as you were kind enough to ask me to write, I thought I would give you a description of my trip and a little about the country and village where I have now taken up my abode.

Yours respectfully,  
A. E. BARNARD.

## BROKEN DOWN.

It is a sad but unavoidable reflection that thousands of men, who should be the bone and sinew of the country, pillars of society, of the church and of the state, are broken down both physically and mentally before they have reached the zenith of their usefulness. Early indiscretions, the result of ignorance and folly; over-exertion of mind and body, induced by inordinate ambition; dissipation and exposure; are continually working the ruin of thousands, whose ability energy and integrity the world needs to preserve the equilibrium of civilization. Some fall before they have yet entered the arena of active life, while many more, enervated by the effects of youthful folly, after a few years of arduous labor find themselves incompetent for the arduous duties of business and professional life, and are forced to retire ignominiously from the field of action to meet an untimely death or to drag out a weary and unselfish existence, incapacitated for both the duties and enjoyments of life.

**PROGRESS.** We are successful because we are progressive. In our Association are nineteen specialists, each of whom is an expert, and each of whom at our organization remedies and methods of which he had learned in practical work, and which were known to him only. # WHAT MAKES A PLEASANT HOME

The general idea is that a neat and comfortable home is within the reach of all persons of ample means. On the contrary, a pleasant home is within the reach of all classes, unless it may be in cases of extreme poverty. It does not require a great outlay for superfluities, but the working man by the expenditure of a little strength and trouble by himself and family, can do much in beautifying the home and rendering it a pleasant place. You have only to acquire a habit in a short time which soon makes it a pleasure for you. This is especially the case with home improvement. When pride once begins to take root in that direction all superfluous expenditures centre there. You forego other trivial pleasures to advance this object, and what you have gained not only affords present happiness, but is a permanent benefit by increasing the value of the property. What more attractive than neatly kept grounds with a few flowers to enliven the scene about a neatly painted cottage, for which the female members of the family have furnished many simple and tasteful decorations. Here we have a home neat and attractive, and rendered so without the aid of anything except what female ingenuity has produced in the household adornments and in articles of furniture.

Our immediate surroundings have great influence in giving character to ourselves and moulding our feelings. A barren and cheerless house produces a corresponding life. These outside comforts promote inward ones, and it is more from the want of being impressed with the importance of this subject than from any other cause that we find so many neglected homes. The mass of pile which we may erect may excite our admiration, but there is more real pleasure and satisfaction in viewing the neat and tasteful cottage which conveys to the passer by the idea of true comfort, and indicates, more plainly than expensive architecture could, the cultured taste of the inmates. Your well kept home exerts a desirable influence upon your neighbor. We judge of things by comparison. His dilapidated structure and surroundings cause a blush to rise to the cheek when viewed to such a great disadvantage. You thus encourage a taste for improvement, which extends until the village becomes pretty much infected with the idea for better things.

If you have children you have a greater interest in making your home a pleasant one. That above all others should be desired to them, and in making it, so no sacrifice should be considered too great in keeping them thus early from the temptations of the outside world, that in after life they may treasure up pleasant recollections of the happy and lovely home of their childhood.

By cultivating this taste for an attractive home you also foster and promote a more cultured element in your character. It operates that common sense which contact with common objects creates. The beautiful in art or nature sheds a ripening influence over us. We remark that the more it exists in a higher degree, and its effect is proportionately as great in the lower as well. A community has it in its power to raise itself by all the help which such circumstances may create.

It is the beauty of each home which makes the village attractive. A pretty place can be had only by each inhabitant lending his aid to that effect. Towns have a reputation in the same way that each person has a character. Each individual member is identified with the place of his residence; complimentary allusions create a feeling of pride, and the opposite, of mortification. If you wish to place and retain the former character begin right at your home; remove out of sight all objectionable objects; get the judgment of those better informed than yourself as to what course to pursue in enjoying cheap means for home improvement, and little by little astonishing results will be produced in making your home and village more attractive to the stranger.

EVERY DEPARTMENT!

FURS! FURS!! FURS!!!

A large assortment at the most reasonable prices.

Ladies' Astrachan Jackets; Persian Caps, Muffs and Boas; Seal Caps, Muffs and Boas; Mink Caps, Muffs and Boas; Black Fur Capes

A splendid assortment of Woolen Goods at remarkably low prices for Women and Children, unsurpassed by anything in the Trade.

Flannels of every description and quality now in Stock at the BIG STORE, and we respectfully solicit an inspection of these Goods; they are special value and will excel in make and prices anything previously offered to the public in Deseronto.

The Tailoring Department is now replete with the most fashionable and varied makes of goods that can be obtained in the European and Continental Markets, and we wish to impress upon our friends, that, as the best of Trimmings only are used in the making up of Garments, we can guarantee a style and finish which will stand comparison with any House in the Trade. Mr. Stoddard, who is already well known for his superiority in making a good stylish fit, is in charge of this Department, and will be pleased to have an opportunity of exhibiting these special goods to his friends, and quote prices for same.

## BOOTS and SHOES.

In this Department the BIG STORE still maintain their well known reputation for keeping only the best quality and the most fashionable Goods manufactured, their facilities for buying, and the immense quantity of Boots & Shoes disposed of, enable them to offer at more advantageous prices than can be done by other competitors who profess to sell the same class of Boots. Do not be induced to purchase inferior Goods simply because the price is low such articles are dear at any cost. The Big Store do not impose upon their customers trashy goods, but sell only first-class articles, and this principle has won for them their well earned reputation which is so generally known and appreciated by their Customers and the Public.

THE BIG STORE is the head rendezvous for Groceries and Provisions of Sterling Quality and finest brands. Canned Goods of every description in the market being on sale, but space will not permit us to enumerate in detail the specialties obtainable, but suffice it to say that for all Provisions seasonable and of the best quality, we recommend THE BIG STORE as unsurpassable.

HARDWARE, CROCKERY, GLASSWARE, LAMPS, VULCANISED CHIMNEYS, RUBBER GOODS PAINTS, OILS, SALT.

We must not omit the astounding fact that the sales at the BIG STORE during the month of October were the largest since the erection of this establishment, which proves beyond doubt that in their endeavors to supply their Customers with the best goods at the most reasonable prices, they have won the confidence of the public, and now beg to thank their Customers for the very liberal support hitherto accorded them, and in the future solicit a continuance of the patronage so gratuitously bestowed upon them during the past.

## CORRESPONDENCE.

### READ.

(From Our Own Correspondent.)  
Mrs. Meagher is on a visit to her brother the Rev. Father Mackay.

Mr. & Mrs. McKinnay have been visiting their relatives in Haverford.

Miss Julia Huxley was visiting her friends at Marysville last week.

Mr. Daniel McNeil has been banking gravel on the 6th con. for next summer.

Mr. Daniel O'Hara and family, of Kingsford, have been visiting at Mr. Patrick Culhane's.

Mr. Edward McGinn has been buying barley since last fall at Marysville, closed up his business there last week.

Messrs. Whims and Foley have their lumber on the ground, and have commenced work on the new galleries in the church.

The late thaw has destroyed our good sleighing, but with cold weather and more of the beautiful we may have plenty of sleighing yet.

Mr. Dominick Tighe, who was in Kingsford under the care of Dr. Sullivan has returned home. He was very poorly last week, but is, we are glad to learn better.

The singing of the choir last Sunday was remarkably good. The rendering of the hymn, "Nearer my God to Thee" and the solo singing of Mrs. Brennan were very good.

Mr. Thomas Cullen, of Beaholers Walk, intends erecting a handsome residence on his property on the 5th con. in the spring.

Mr. Michael Lally we understand will have the contract.

Mr. Patrick Walsh, who is now residing at Phys. Clallam County, Washington Territory, is we are glad to learn doing well.

He likes the country and is a very prosperous rancher. We thank Mr. Walsh for Seattle papers duly received.

Mr. Michael Lally is at present engaged erecting new buildings for Mr. J. C. Huxley. Mr. Lally is one of our ablest and enterprising young men. He is, we are informed, in want of a wife, and we beg to assure our young friend that he can easily supply the defect.

Professor Denys' Grand Concert will take place in Huxley Hall, on Friday 20th inst. The Professor has secured the assistance of the following ladies: Miss Sarah Kietman, Miss Mary Huxley, Miss Sullivan and Miss Maggie Sullivan. Mr. Milburn, and Mr. Smith, of Belleville, will assist.

Mr. Denys is determined to give the local public a grand musical treat.

The worthy bachelors on the 7th con. had better look out. We are glad to learn that more than one is contemplating a dive into the matrimonial market.

There is a watchful dog belonging to one of our well known sporting men to be seen around the corner; better be on their guard, as the white rabbit is as watchful as an Indian.

The summer kitchen and woodshed attached to the residence of Mr. Richard Walsh, of the 7th con. were destroyed by fire last week. The house was in imminent danger, but by great exertion was saved.

Mr. Walsh had three quarters of beef, his pork and several bags of flour in the shed all of which were lost. Loss about \$100. No insurance. The fire is supposed to have arisen from a candle.

## BOLMESVILLE.

(From Our Own Correspondent.)  
Miss Ida Brown and Miss Agnes Hinchey, of Belleville, who have been visiting friends at Mr. Rathbun's have returned home. Two of our young men report black moose, catches regret their departure.

Parties have been of late quite the rage in this vicinity. A large number of friends visited Mr. & Mrs. Henry Rathbun the other evening. Thanks to their kind hospitality and the natural jollity of the crowd a very pleasant evening was passed.

Some played various games while others tripped the "light fantastic" until the "wee sma' hours."

On Tuesday night a party called on Mr. & Mrs. Edgar Lambert and though they too were somewhat surprised "Ed" said "Go ahead boys and do as you please" and I assure you they did it "All dance" was the password the worthy host being as boyish as any. After ten games and other amusements followed and we think all enjoyed themselves immensely as they kept it up until a very late hour. "Ed" perhaps "we" kept again.

## MACDONALD.

(From Our Own Correspondent.)  
A grand thaw last week.

Miss Carlos, of Napawee, is the guest of Mr. John Bartley.

Miss Blanche Clark has come to reside in Belleville. We all miss her smiling face.

On account of rainy weather and bad roads there were no services in the Church last Sunday.

Mr. John Spencer, I regret to state, has removed to Ray B. We all wish him success in his new home.

The mails have been watched closely of late and on the 10th were rewarded by receiving some good photos of themselves.

One day last week, Mr. Fretz, of Huxley, and Miss Huxley, daughter of Samuel Huxley, Esq., were joined together in holy matrimony. On the same day Mr. Wesley Howell, formerly of Deseronto, was married to Miss Huxley, of Napawee.

With all appearances we will soon lose more of our young folk, as a gentleman from Hay Bay visits this district about twice a week. Look out boys!

## LONSDALE.

(From Our Own Correspondent.)  
Proper W. Randall and H. W. Randall with their mother Mrs. Wm. P. Randall left here on Tuesday for Prince Edward County to visit friends.

Our young ladies are getting so very shy about marrying not even their nearest friends can know when the happy event takes place. According to what we've heard a reliable source of one of our round lady school teachers, Miss Jane McCulloch, daughter of Mr. Wm. McCulloch 4th con., told her parents she would consent to marry a widowed friend near Tamworth where she had been teaching for about a week. No objections being made she packed her trunk and was taken to Napawee and went to

Tamworth to her friends. Her father on hearing several days after his daughter had returned to Napawee went for her expecting she would want to return, and was told she had married and left for her new home. On returning home he received a letter wishing her goods forwarded to her as she was married and keeping house in her new abode. It appears the marriage and the ship had been going by letter for a long time, and the happy man being an entire stranger to her it must have been a surprise to him that she had quit the profession of school teaching and gone into partnership for life with a gentleman near Tamworth a long lived happy partnership with no trouble but little ones.

The work on our bridge referred to last week is now completed, which is a good substantial job, shortening the bridge one half and will save a large amount of money in future years. Much credit is due to our Reeve, Deputy Reeve and all others concerned in the day-to-day work, especially Mr. Frank West, the Deputy Reeve, who in order to hurry up the work and have it No. 1, took his team and worked till the bridge was finished. The remainder of the bridge is soon to be done.

On Monday night last a house belonging to Mr. David Walsh, seventh con., used as a cow shed, and having a large quantity of provisions in winter, caught fire from a box containing tins and was destroyed with two or three barrels of pork, three quarters of beef, a quantity of flour, &c. By the united efforts of Mr. D. McNeil and his men who are boarding there and banking gravel for the winter, the building was saved, which was only a few feet from the building burned.

## SHANNONVILLE.

(From Our Own Correspondent.)  
Miss Nettie Clark is again at home after an absence of two weeks in Napawee.

Miss Annie Lister has returned home having spent a few weeks very pleasantly in Cobourg.

Mr. Fenwick's Mill, at Milltown, was broken up on Saturday night and a quantity of flour taken away.

Mrs. Dr. McLean is at present visiting her sister, Mr. D. Dickson, of Toronto, and Miss Patten, of Deseronto. She is the guest of Miss Mary McLaren for a few days last week.

We have a very obliging young man in our vicinity who takes it upon himself to make it entertaining for young ladies, who may happen to favor Shannonville with their presence.

The residents of our village were aroused from their quiet slumbers on Saturday night last by the cry of fire. It was discovered that the store owned by Mr. J. L. Kerr was on fire, and in a short time the store together with the greater part of its contents was entirely consumed. No insurance on building, and the store was partially covered by insurance. The cause of the fire is unknown, but it is supposed to have originated through a defective chimney.

The work of rebuilding the store will be commenced at once, and Mr. Kerr's friends are very anxious that he should resume business again in this place.

## TYENDINAGA RESERVE.

(From Our Own Correspondent.)  
Lay low for Jerry boys for rumour says he is married.

Mr. Jacob Brant made a trip to Belleville one day last week.

Dr. Abbot's cattle made his departure for the west on Wednesday of this week.

Chief Smanook Green has contracted with the Railway Co. to draw one hundred loads of gravel.

Mrs. Dan. Class is this week visiting her parents, Mr. and Mrs. Cor. Maracle, near Deseronto.

Mr. B. Brant is making every necessary arrangement for moving to Deseronto; many wishes for a happy new home.

On Friday evening last a surprise party arrived at the residence of Mr. John Fowle, where a pleasant evening was spent.

The many friends of Mr. Joseph Maracle will be pleased to learn of his speedy recovery from such a severe attack of illness.

The Deseronto Council we learn have purchased some four or five hundred yards of gravel from Mr. Joseph Maracle of the Reserve. The work of rebuilding the store will be commenced at once, and Mr. Kerr's friends are very anxious that he should resume business again in this place.

Mr. Daniel Schrimshaw, of the Reserve, has bought a small grain store at the McCollochs' store house; it is much convenient for the surrounding farmers to draw their grain from such a short distance. Mr. Schrimshaw is equal with the highest market and gives fair weight.

## PICTON.

(From Our Own Correspondent.)  
W. Boulter of the Bay of Quinte Cannery Factory, intends starting a branch establishment in the village of Deseronto during the coming season.

The Martin block burned early in the winter has been rebuilt and will be ready for occupancy by the 1st March. Nearly all the old tenants have spoken for their old tenements.

Charles Garner is spending this winter in the Northwest near Port Arthur getting out pine and manufacturing it into lumber for a company of Pictonians who have been favored by the Ottawa Government for past services, &c.

McAnally, Miller & Delmage are shipping two cars of apples weekly from here to Liverpool via Portland. They have about 2,000 bins in store here, all of the golden russet variety. The price is low and will not let down out with much of a profit unless the market advances.

A. W. Henshup has been to a great expense in raising the upper works of the better lake boat. The job is nearly completed. He is getting out material for a large coal shed to be put up the coming summer. Our town will not be wanting in the number of coal dealers.

Use "Pride of the Kitchen" soap for scouring. For sale at THE BAY STORE.

Queen's Paper, Banner and Weekly and Magazine from the Deseronto News Company, sole agents for Deseronto.

T. B. STONE has just received from the Deseronto News Company a Dr. Fry's Compound consisting of Dried Raspberries, Evaporated Raspberries, Dried Peaches, &c.

## COMMUNICATIONS.

### FIRE PROTECTION.

To the Editor of the Tribune.

DEAR SIR.—The Council have now met, and to the astonishment of our citizens have taken the question of fire protection. Is it fair that a few persons should do the work required at a fire without decent clothing? Surely the Corporation should supply the needed rubber clothing, as they do not have to bear the expense of a steam- or horse-drawn engine.

### FIREMAN.

DEAR SIR.—Some days ago I heard it said that a public meeting should be called by the Reeve for the purpose of organizing a fire company. Such has not been done. Why not? Must matters still go on as before and the Rathbun Company be asked to supply fire engines, coal, hose, and at the same time stop all their works every time a fire happens in the village. It is time a fire company of a reliable kind was started by the citizens. Why not? Why not the Reeve call a public meeting to see what can be done in getting up a company of good men with chief and assistants who will work together and know what they are doing, and not have, as at present every man a boss and only one or two work. Surely the Corporation should have a fire engine and hose to take such steps as soon as possible.

### ONE WILLING TO WORK.

DEAR SIR.—It is a fact at last becoming well known that our village is without fire protection. What I mean to say is that the citizens are not united in their efforts for the protection of their property against fire.

We boast of our generosity, wonderful progress, and of our council with their united efforts. What the matter is, we are not united. True we have one or two drains, though not where they are most required. There are no matter, we have no fire protection. There are large numbers of property holders, many of whom are not connected with the Rathbun Company and yet all depending on that Company for their protection at a time of need. While I believe that the Rathbun Company are quite ready and willing to do their best in such cases; still it is not their duty to do so, and it is not all this I venture to say it must cost them at least one hundred dollars to attend such a fire as we had last week. Hoping to have this said well as we will petition through your columns.

# The Tribune

FRIDAY, FEB. 26, 1886.

The Report of the Commissioner of Public Works is to hand. From it we learn that the total expenditure in this department for the year 1885 was \$185,584.37. To the various items little or no exception can be taken unless it be to that relating to the Government House. The cost of the structure \$9,008.38 was expended for fuel, gas, water, repairs and furniture. Since 1867 it has cost the province \$160,168.92. We are pleased to see that a motion has been introduced in the legislature favouring the abolition of the Government house. The Lieutenant-Governor, who is too well paid, should find his own residence. Such is the practice in the United States where governors have real powers and duties to exercise, and where they are content with half the salaries paid in the Dominion. Electors, as well as angels, should weep over the large expenditures involved by governor generals and governors who at the expense of the poor ratepayer attempt to ape the pomp and circumstance of royalty.

The Sixteenth Annual Report of the Inspector of Prisons and Public Charities upon the House of Refuge and Orphan and Magdalen Asylums of Ontario is of a very interesting character. There are in the province 19 houses of refuge which during the year ending Sept. 30th 1885, sheltered 1,837 persons, 885 males and 974 females. There are 24 orphan asylums, in which were received 3,296 inmates 1,826 males and 1,470 females. There are 5 Magdalen asylums which received 437 women and 18 children. To these various charities the Ontario government granted \$45,104, while from other sources there was received \$171,630.08 a most creditable exhibit for the people of the province. The only case of commitment in this district in the Home for the Friendless in Belleville which during the year had 19 persons in residence. It received the following aid:—from Ontario Govt., \$283.85; Belleville, \$300; inmates, \$228, and donations \$237. New and commodious buildings are in course of erection and THE TRIBUNE would appeal to all its readers to extend a helping hand to this institution.

From the Eighteenth Annual Report of the Inspector of Prisons, &c., upon the Common Gaols, Prisons and Reformatories of Ontario, we gather a few facts for our readers. The number of commitments for the year ending September 30th, 1885, were 11,428, a decrease of 635 on the preceding year. Of these 193 were to Belleville gaol, 167 males and 26 females, an increase of 16. As compared with 1884, there is a large decrease in the number of commitments for murder and manslaughter, but an increase for cases of rape. There is a satisfactory decrease of 20 per cent. of commitments for drunkenness. To Belleville there were sent 50 for drunkenness against 45 the previous year. The total gaol expenditure for the year was \$129,747.86. The average cost per day of each person is 20-10 cents; in Belleville, however, it is 10-21 cents, the lowest rate with the exception of Sandwich which is 9-30 cts. Passing from the gaols to the Central Prison, we find that during the year there were 781 commitments to that institution, 221 married, 540 single; 144 temperate, 917 intemperate. The total expenditure was \$58,677, at an average daily cost of 45 cents for each prisoner. In the Mercer Female Reformatory the commitments during the year were 142; expenditure \$27,540.98. The number of boys admitted to the Boys' Reformatory at Penetanguishene was 51, the total number in residence during the year being 295, a large decrease. The expenditure was \$40,093, or \$169.17 for each inmate.

**BROKEN DOWN.** It is a sad but unavoidable reflection that thousands of men, who should be the bone and sinew of the country, pillars of society, of the church and of the state, are broken down both physically and mentally before they have reached the zenith of their usefulness. Early indiscretions, the result of ignorance and folly; over-exertion of mind and body, induced by inordinate ambition; dissipation and exposure; are continually working the ruin of thousands, whose ability energy and integrity the world needs to preserve the equilibrium of civilization. Some fall before they have yet entered the arena of active life, while many more, enervated by the effects of youthful folly, after a few years of ambitious labor find themselves incompetent for the arduous duties of business and professional life, and are forced to retire ignominiously from the field of action to meet an untimely death or to drag out a weary and unsatisfactory existence, incapacitated for both the duties and enjoyments of life.

**PROGRESS.** We are successful because we are progressive. In our Association are nineteen specialists, each of whom is an expert, and each of whom at our organization was acquainted with remedies and methods of which he had learned in practical work, and which were known to him only. Combined, these remedies and methods immediately placed us far in advance of any single physician, and now we have also the knowledge acquired in eight years united study and the treatment during that time of over 100,000 cases. **Is it, then, a wonder that we cure where others fail.**

No person who requires Medical or Surgical treatment can afford to miss the excellent opportunity afforded by Dr. Kergan's British-American Surgeons visit, Wednesday, March 3rd, to secure at a very reasonable price, treatment for any disease or physical deformity, which the many years of experience and success of their renowned Institute at Detroit has clearly proven to be far ahead of that obtainable on this side.

At O'Connor House, Wednesday, March 3rd, one day only. Don't forget it. Call early as possible as the Surgeon leaves that same night.

ADVISE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

A splendid range of new checked towels just to hand and this being the last few days of R. H. Eggar's stay in Deseronto, he will give you some special bargains. Don't fail to give him a call at the Big Store.

## EVERY DEPARTMENT!

### FURS! FURS!! FURS!!!

A large assortment at the most reasonable prices.

Ladies' Astrachan Jackets; Persian Caps, Muffs and Boas; Seal Caps, Muffs and Boas; Mink Caps, Muffs and Boas; Black Fur Capes

A splendid assortment of Woolen Goods at remarkably low prices for Women and Children, unsurpassed by anything in the Trade.

Flannels of every description and quality now in Stock at the BIG STORE, and we respectfully solicit an inspection of these Goods; they are special value and will excel in make and prices anything previously offered to the public in Deseronto.

The Tailoring Department is now replete with the most fashionable and varied makes of goods that can be obtained in the European and Continental Markets, and we wish to impress upon our friends, that, as the best of Trimmings only are used in the making up of Garments, we can guarantee a style and finish which will stand comparison with any House in the Trade. Mr. Stoddart, who is already well known for his superiority in making a good stylish fit, is in charge of this Department, and will be pleased to have an opportunity of exhibiting these special goods to his friends, and quote prices for same.

## BOOTS and SHOES.

In this Department the BIG STORE still maintain their well known reputation for keeping only the best quality and the most fashionable Goods manufactured, their facilities for buying, and the immense quantity of Boots & Shoes disposed of, enable them to offer at more advantageous prices than can be done by other competitors who profess to sell the same class of Boots. Do not be induced to purchase inferior Goods simply because the price is low, such articles are dear at any cost. The Big Store do not impose upon their customers trashy goods, but sell only first-class articles, and this principle has won for them their well earned reputation which is so generally known and appreciated by their Customers and the Public.

THE BIG STORE is the head rendezvous for Groceries and Provisions of Sterling Quality and finest brands. Canned Goods of every description in the market being on sale, but space will not permit us to enumerate in detail the specialties obtainable, but suffice it to say that for all Provisions seasonable and of the best quality, we recommend THE BIG STORE as unsurpassable.

HARDWARE, CROCKERY, GLASSWARE, LAMPS, VULCANISED

CHIMNEYS, RUBBER GOODS PAINTS, OILS, SALT.

We must not omit the astounding fact that the sales at the BIG STORE during the month of October were the largest since the erection of this establishment, which proves beyond doubt that in their endeavors to supply their Customers with the best goods at the most reasonable prices, they have won the confidence of the public, and now beg to thank their Customers for the very liberal support hitherto accorded them, and in the future solicit a continuance of the patronage so gratuitously bestowed upon them during the past.

## TELLING HER FORTUNE

CHAPTER XXIV.—(CONTINUED)

And he threw off the depression so successfully that Clara was completely reassured; and when in the next interval he said he would leave her for a few minutes to have a smoke, she had no misgivings. When he returned he looked very pale, and during the drive home he never loosed his close clasp of the little hand he held in his, and his good-night kiss had a passionate tenderness in it which sent Clara to bed, thinking hardly of the happiest and most fortunate girl in London without even a cloudlet in her sky to prepare her for the terrible storm which was about to burst upon her.

CHAPTER XXV.

"Are you going out, my darling?" he asked, going forward to meet her.

"Yes, we are going to make some calls. Mother and I," she answered, entering the room and coming forward, a dainty figure in a costume of very dark green velvet and fur. "Are you going out, Grant?"

"Yes, dear child."

"I think the fresh air will do you good."

"Yes," she continued, slowly, looking at him fully, with a strange, questioning, and yet mocking expression in her dark eyes. "Perhaps I may have got tired of my present existence, but I think it is, undoubtedly, for a time. I have thought a change of responsibility and a title would be agreeable for a time. It is no use jumping up and saying never," she added, with a slight laugh. "That was not my reason. I have not the slightest wish to be known as Lady Killen."

She was silent for a minute or two, then she went on quietly.

"That girl you were with last night is the young lady who was to have the honor of be-
